+ **Anti-catching system**

The anti-catching system, which consists of 2 cast aluminium fixing parts, has been specially designed to eliminate the danger of getting caught on any protruding parts.

+ **High quality materials**

The strong springs, designed for intensive use, are sufficiently flexible to resist being rocked by young children.

The figurines are manufactured in HDPE (High Density Polyethylene), a volume-dyed material which is easy maintenance and can be fully recycled.

+ **An efficient anchoring system**

Practical and efficient anchoring system enabling the base to be embedded in a hole measuring 600 x 600 x 550 mm (without concrete).

+ **Exclusive assembly system**

- Special anti-loose, vandal-resistant stainless steel bolts (with exclusive HUSSON tool).
- Use of stainless steel and an exclusive* assembly system on all of HUSSON's ranges enables easy and cost-effective maintenance.
