Creating Equipment since 1920!

#10

## EDITORIAL

### Innovation, Creativity, Urban design...

**Renovating and developing public spaces** is a priority for our representatives. To meet the expectations of all stakeholders, we must **offer them a pleasant and friendly living space**, which therefore contains well-designed equipment to: engage in sporting and leisure activities, park their bike, have a bite to eat, meet one another...

At Husson, we are very happy to be able to modestly, yet consistently contribute to the efforts of decision makers to make **our public spaces even more beautiful, more attractive, more ... sporty**. Therefore, in a **cooperative approach**, we provide **designers and contractors with the talents and resources of Husson Design Studio** to bring **customised, innovative, and tailor-made development solutions**.

From Paris to Munich, London to Hong Kong, Husson sporting and leisure equipment is amusing, captivating, entertaining, and bringing together young and old!

With pictures as proof!

Yours sportingly,

Daniel Husson  
Chairman  
HUSSON International

NEW COLLECTION  
OF STREET SEATING

PAGES 6-7

Entwurf zum Thema "biotope du Marais"

To create the most beautiful projects, **HUSSON** provides designers and project managers with the talent and great expertise of the Husson Design Studio. In close collaboration with our engineers and technicians, you will therefore have access to significant resources in terms of design, 3D modelling, prototyping, manufacturing and "turnkey" construction. As a truly innovative laboratory, **Husson Design Studio** is ready to help with the study and completion of your specific projects. From the "customisation" of our catalogue products to the design of totally new projects, **Husson Design Studio** favours collaborative design. Become a key player in your projects by joining forces with **Husson Design Studio**. Pool ideas and resources for the success of your most beautiful "tailor-made" projects.

"TRIPODE" STREET SEATING

## NEW COLLECTION OF MOBILE STREET SEATING

# Tripode®

Unique, original, and multipurpose street seating, the "TRIPODE" is a piece of furniture that is suitable for new street practices. Its hybrid shape and large colour range make it a piece of intergenerational furniture, that piques residents' curiosity.

A true mobile and modular street seating solution, it can be combined to create multiple configurations and suit multiple purposes, allowing a number of layouts to be created.

Transitory or permanent, there are many benefits of the "TRIPODE": aside from its use as "classic" street seating, the tripods can be used to mark, secure, communicate, or experiment (consideration of the uses and new practices of future public spaces, for example). They can be fixed to the ground, or held down with sand, water, or concrete, to accommodate up to 1.5 tonnes each.

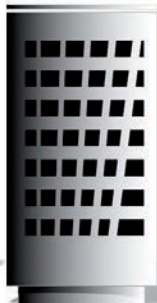

# THE NEW COLLECTION OF THERMO-TREATED BAMBOO BENCHES

Bamboo is an innovative wood species, and a real ecological alternative to exotic wood. As an unlimited resource, bamboo fibre bundles are compressed under an inert atmosphere in chambers and heated to 200 °C. This innovative processing technique produces a highly resistant material that requires very little maintenance.

Many benches from our street seating ranges are available in this material (Symbios, ESPLANADE new seating range, ...)

## THE NEW LINE CLEAN STREET FURNITURE

To meet the security requirements of the Vigipirate plan (French national terror threat level system). Our ESPLANADE line is also available in Vigipirate version. Equipped with a bag holder, it has a transparency rate of approximately 85%.

- With a capacity of 100 litres, the round dustbins of the ESPLANADE line are designed to be seamlessly integrated in all types of urban architecture. Different functions and options are available:

- A lock
- A stainless steel snuffer
- A visually contrasting ring for the visually impaired
- Non-modifiable identification marking (possibility of laser-cut personalisation)
- An internal emptying bucket and/or a bag holder
- An ashtray
